

## **Sponsor a HORSE in PERU during the Corona crisis.**

We don't only love horses when they give us wings, make us dream or when they look deep into our souls, we still love them when they need a bit of help, like some of them do now. When people struggle with cash flow or lack of staff, giving their horses the best care has simply become harder. We understand that when an equestrian business must close its doors because of this pandemic, the owners can't just lock it for a while, they have to continue caring for their animals, feeding, mucking, exercising and doing all the things necessary for their horses to be able to give those wonderful experiences of horseback riding to us. They have to pay their staff or sometimes do it all themselves because their staff is not allowed on the premises. Some will have a 100% loss of income, for possibly months. It will be hard to make ends meet and have enough expenses for their horses.

As a small family business "Hacienda del Chalán" with 15 horses we are 100% depending on tourists for our income. We also use our horses for Equine therapy for children with special needs for which they don't have to pay. Peru is now in a total Lock Down for several months due to the Corona virus and we have a hard time making ends meet. We are in need to be able to feed our horses and if you are a real horse lover you can help us out by sponsoring a horse. We want to thank you for your help by offering you a free ride on our smooth Paso horses whenever you are able to visit our Ranch in the beautiful and amazing Sacred Valley of the Incas, close to Machu Picchu and Cusco in Peru.

### How does it work:

In our place in Peru we can feed one Horse for one month with \$85 USD or one year with about \$1000 USD. You can donate in general with any amount you choose or you can sponsor a specific horse for a specific time. For example: I want to sponsor the Mare named Pintura for 4 months. If you sponsor a specific horse you will get a nice picture of the horse with its name, gender and age and we will let you know regularly how your horse is doing during the time you are sponsoring him. We will keep your name and details listed and we will stay in contact with you as soon the Corona crisis is over and you will be able to travel to meet your horse here at our stables. According to the amount of your sponsoring and the normal horseback riding fees at Hacienda del Chalán you can choose a free ride through the amazing nature of the Sacred Valley here in Peru. For example: You sponsored one horse for a period of one month with the amount of \$85 USD, than you can choose a 3 hours mid-day ride for free on our website because \$85 USD would be the normal cost. If you sponsor one horse for one entire year (\$1000 USD) you will be able to get an amazing and adventurous 4day/3nights All-In ride for free! We understand if you can't travel right away after the crisis although you deserve it to de-stress, that's why we keep this possibility open for you until two years after the crisis finishes and everyone is able to travel again. Of course you can also help a horse by sponsoring him without expecting anything in return and if you are not able to ever come to ride your sponsoring will be seen as a donation. We will be anyhow very grateful for your help!

To continue you can choose one of the horses listed here below and send us an email to [reservas@haciendadelchalan.com](mailto:reservas@haciendadelchalan.com) with the name of the horse and the time or amount you want to sponsor him. We will send you than the details of the bank account (Peruvian or European which you prefer) and put you on our official sponsor list.

Here you can find more information about us:

[www.haciendadelchalan.com](http://www.haciendadelchalan.com) or [www.tripadvisor.com](http://www.tripadvisor.com) (activities in Urubamba, we are under the top-5 list).

### **Choose the Horse you want to sponsor:**

Mare "Pintura" (6 years, Tricolor) is the mother of a colt of 6 months old. She is a beautiful mixture between a Peruvian Paso Horse and Pony and she is the only mare of our ranch. Our 4 years old daughter is learning to ride on her and she is perfect for the Equine therapy.

Colt "Picaso" (6 months, Skewbald) is our precious baby horse born in Nov'19 from our mare Pintura. He will be a beautiful colored big Pony like his mom and dad. He eats only half of the food from an adult horse for now. (Sponsor costs are half of the normal).

Gelded Horse "Gardel" (12 years, Bay) is a strong Peruvian Paso Horse, he is very trustful for guiding or for experienced riders and likes to go in the front.

Gelded Horse "Campero" (9 years, Brown Silver Dapple) is a big Peruvian Paso Horse, perfect for guiding or experienced riders and able to use for long or multi-day trails.

Gelded Horse "Bronco" (10 years, Black) is an impressive and strong Peruvian Paso Horse, good for guiding or experienced riders as he is honoring his name 'Bronco'.

Gelded Horse "Nuevo Rey" (12 years, Dark Bay) is a very smooth Peruvian Paso Horse who won several championships, he has a long gate and for this always stays smooth and he is trustful for riding with beginner or intermediate riders.

Gelded Horse "Pretoriano" (10 years, Bay) is a young but trustful Peruvian Paso Horse able to ride with beginner or intermediate riders and he likes to follow the others.

Gelded Horse "Chico" (12 years, Palomino) is a strong and trustful Peruvian Paso Horse able to ride with beginners and he has a following character.

Gelded Horse "Peregrino" (9 years, Liver Chestnut) is a big Peruvian Paso Horse very trustful for beginner riders and able to use for long or multi-day trails. He will always find something to eat on the way.

Gelded Horse "Principe" (9 years, Chestnut) is a smooth Peruvian Paso Horse who won several championships, he is perfect to ride for intermediate riders and good to use by new guides.

Gelded Horse "Picolo" (10 years, Palomino) is a small and happy Peruvian Paso Horse who is able to ride with beginner and intermediate riders and we also use him for Equine therapy.

Gelded Horse "Indio" (20 years, Piebald) is our oldest horse and therefore very trustful to ride with children. Even when you tie the reigns to the saddle, he will just follow the group. Children call him the 'cow-horse' due to its colors.

Gelded Horse "Pilato" (14 years, Red Roan) is a trustful Peruvian Paso Horse and slow walking so very good to ride with children or beginner riders.

Gelded Horse "Poeta" (6 years, Dun) is a beautiful young Peruvian Paso Horse, still in training to ride with tourists and now able to ride for experienced and intermediate riders.

Mule "Mulato" (10 years, Bay) is a donkey size Paso Mule, he is very smooth and he won several championships for Paso Mules. He is a very alert mule for intermediate to advanced riders and we are training him for use in Equine therapy.

**ON BEHALF OF OUR HORSES: THANK YOU VERY MUCH!**
